# IMPROVE SYDNEY PUBLIC TRANSPORT (ISPUT)

## Northern Beaches Line

### Community Benefits and Concerns

- Commencing at Chatswood the Northern Beaches Rail Line allows for smooth connection to the new line from Epping and easy transfer to the North Shore line.
- Terminating the Northern Beaches Line at Hornsby allows for easy passenger transfer to the Northern Line.
- The Northern Beaches line will extend to Riverstone.
- To simply construct a branch line to Brookvale and under Neutral Bay is not a viable proposition on construction and financial grounds.
- Above and below ground operation of line.
- New underground platforms at Eastwood, Hornsby and Chatswood.
- Reduce peak hour traffic congestion
- Improvement of existing rail services
- The car, taxi, bus and coach industries will not be adversely affected by the construction of the Northern Beaches Line.
- Existing roads become safer to use for motorists and cyclists.
- Road fatalities will be reduced and as a result car insurance premiums will fall.
- Truck drivers and couriers will be able to deliver goods more easily
- New bus and light rail routes will not remove the need to expand and improve the rail network.
- Introduction of a multi-modal charge card for train, bus and ferry travel similar to the E-Toll account or Cab charge card.
- Enable commuters to purchase bus, rail and ferry tickets on the internet
- Separation of railway line planning from urban planning.
- Financing of this railway will come from public, private and **RAILWAY BONDS**.
- Who loves sitting in stressful peak-hour traffic congestion?
