RAILWAYS LOTTERY FOR NEW SOUTH WALES

A **Railways Lottery** should be established to pay for new Railway Lines with tickets to be sold exclusively through Newsagencies. 100% of profits would go towards the construction of new railway lines.

The New South Wales Opera House Lottery went towards paying for the construction of the Opera House with the passing of the Opera House Lottery Act 1960 through the New South Wales Parliament.

The **Railways Lottery** Act would not be intended to buy back New South Wales Lotteries. Exclusivity Clauses operates in many contracts.

The **Railways Lottery** along with Restaurant/Lounge Carriages will enable Sydney and New South Wales to have expanded and improved railways as contained in the plans in www.isput.com.au

The **Railways Lottery** Act under the definition of the Act would refer to an expansion and improvement of the existing Heavy Railways Network and not for Rapid Metro or Maglev Technologies and could include High Speed Rail (HSR) that operates at speeds of 450 km/h to every Capital City including Hobart via a roll-on roll-off Rail Ferry across Bass Strait.

A **Railways Lottery** would sell different products with the following names and details of each particular line can be read in www.isput.com.au

The profits from each different product would go towards the construction of that particular line such as:
