

**EASTWOOD-ST. LEONARDS RAIL LINE
PROPOSAL & WEST RYDE 'Y' LINK**

☎ • 02-9804 0249 • 0416 083 101

VICTOR TAFFA

ASTON Villa A,
7 Darwin Street. West Ryde 2114
P.O. Box 1165 Meadowbank 2114

Vote **1** Victor Taffa.

Vote **1** to solve the city of Ryde transport crisis!!

- ◆ This current proposal to St Leonards does NOT need to transform the Lane Cove National Park into a construction site!
- ◆ This current proposal would not require a new railway station at St Leonards as a four platform, twin island station is currently under construction.
- ◆ Any new railway that merely passed underneath the Northern Line would **NOT** give the residents of West Ryde and Eastwood improved services. Promises to quadruple the Northern Line by state governments of the 1950's have still not been fulfilled!
- ◆ Any new railway must incorporate a 'Y' Link at West Ryde so as to allow the Northern and North Shore Lines to be linked.
- ◆ Yes this a Council election and this is a state issue, however my proposal gives you the voter, the opportunity to make your voice heard and ensure that this railway proposal does NOT end up as did an earlier draft for an Eastwood/St Leonards Railway merely gathering dust in the Railway archives office! The route for that line is now **Epping Road**.
- ◆ Ryde Council Elections September 11, 1999.

Vote **1** Victor Taffa.
